

## My Uni Buddy – Your Complete University Companion

**My Uni Buddy** is an innovative, student-focused platform designed to support you at every stage of your academic journey, from your first assignment to your final year project and beyond.

*With intelligent tools, AI-powered features, and personalized recommendations, it's like having a 24/7 academic buddy in your pocket.*

### Key features:

#### 1. Assignment Help:

Struggling with coursework? Get structured support and innovative suggestions tailored to your subject, deadline, and academic level.

- ✓ Give Books, articles, and practical recommendations for help in the assignment title.

#### 2. AI Chatbot

Ask anything, anytime. Whether it's clarifying a concept, generating study tips, or solving doubts, our AI chatbot is here for instant guidance.

#### 3. Smart Book Recommendations

Tell us what you're working on or what you're interested in

**For example:** "I'm doing an assignment on sustainable energy," and we'll recommend the most relevant books, articles, and resources.

#### 4. FYP Guidance

Explore the most innovative and sustainable **Final Year Project (FYP)** ideas according to student interest and from around the world.

- ✓ Get inspiration and structured help to choose, plan, and execute your project with impact and target market demands.

#### 5. Interest-Based Academic Suggestions

Select your academic interests, and let the app guide you with:

- ✓ Assignment and quiz prep resources
- ✓ Relevant books and research materials

- ✓ Topic-based reading suggestions
- ✓ Real-world examples

## 6. University Recommendations

Looking to study further? My Uni Buddy finds the best national and international universities based on your field of interest, helping you plan your academic future with confidence.

## 7. Daily Engineering Innovations Feed

Stay ahead with daily updates on global engineering and technology innovations. Engage with real-world breakthroughs and connect with like-minded learners.

## My Vision

My vision for My Uni Buddy is to build a complete mentorship platform that supports students academically, professionally, and personally. We begin with curated course content for the Chemical Engineering department and gradually expand to other fields, providing assignment help, AI-driven book recommendations, and innovative FYP guidance.

*To start, we will launch as a **website platform** to build traction, gather user feedback, and create a strong student community before moving into full-scale **App development***

Over time, with student feedback and testimonials, we will evolve into a comprehensive app offering premium features such as:

- ✓ CV/resume builders.
- ✓ Industry linkages.
- ✓ one-to-one career counselling,
- ✓ Engineering Workshops.
- ✓ International University Admission Guidance.

Whether a student wants to pursue higher studies or transition into the job market.

My Uni Buddy will provide the right tools, mentorship, and resources to help them achieve their goals and create a meaningful impact in their community.
